

# BearWise Vacation Tips

When you're in bear country, there's a good chance you'll see bears, even if you never go into the woods.

## Don't Feed the Bears

- Don't leave food, trash or pet food outdoors when no one is around. A few seconds is all it takes for a hungry bear to swipe it.
- Feeding bears or using food to encourage bears to approach you is often illegal and always dangerous.
- Don't throw scraps or leftovers out the car window or into the woods behind your vacation rental.
- If trash container or dumpster is full, don't pile trash outside; take it with you when you leave.

## Bear Viewing Guidelines

- Stay in your vehicle; even bears that seem comfortable around people are still wild animals.
- Never approach bears or entice them to approach you.
- Enjoy bears from a safe distance. Stay at least 50 yards or 10 car lengths away from black bears.
- Don't block the road to view bears. If permitted, pull over and take photos from the safety of your vehicle.

*If you want to see bears, early morning and early evening are good times for viewing and photography.*

## Driving in Bear Country

- Stay alert, stick to the speed limit and scan the roadsides. If a bear crosses the road, watch for cubs before you drive on.
- Be especially alert at dawn and dusk when bears are most active; black bears are fast and hard to see.
- If you hit a bear, don't try to help it. Call 911 or report to authorities as soon as you can.

*Wildlife collisions are not always covered by insurance.*

Dogs and bears don't mix. **Keep your dog on a leash at all times when outdoors.** Letting your dog approach or lunge at a bear puts you and your pet in danger.

## Discourage Break-Ins

- Lock vehicles; don't leave windows open even a crack. Remove anything with an odor (food, drinks, trash, pet food, scented products).
- Keep exterior doors closed, even when you're there.
- Don't stash food, beverages, trash or recycling on porches/patios/decks.

## If You See a Black Bear

- If a bear comes around your place, try to scare it away by making lots of noise yelling or banging pots and pans together from a safe distance.
- If you see a bear near a dumpster or in a building, don't approach or corner it. Give the bear an escape route.

## In the Woods

- **Carry bear spray and know how to use it.**
- **If you see a bear before it notices you**, don't approach. Stand still, enjoy, then quietly move away.
- **If a bear sees you**, back away slowly. Never run; running may trigger a chase response.
- **If a bear approaches**, hold your ground, wave your arms and yell "Hey Bear" until it leaves. Always stay with your group. **If it keeps approaching**, use bear spray.
- **If a black bear makes contact with you**, do NOT play dead; fight back aggressively.

**Black bear is a species; common colors include black, brown and cinnamon.**
